1965 Falcon—AFX Falcon Replica

September 2002 — Family Foto Issue

Stan Blankenbiller of Reading, PA bought this 1965 Falcon as a "bare shell." He and his son decided to make a replica of an AFX Falcon, with the help of 2 donor cars. The complete front and rear suspension were done with the help of Crites Restoration Products. Schweikert's Rod & Custom Shop supplied the paint and assembly work.

Some of the highlights: fiberglass hood & bumpers, 427 side oiler stroked, top loader manual 4 speed, 8 point cage, 9" rear Detroit Locker 457 gears, Jet Bot headers, fuel cell, Dupont Red/clear coat, 3 stage, Halibrand 5 spoke wheels, and NHRA specs.

Do you have a photo of your Falcon for the cover of The Falcon National News?

Send photos with a self addressed stamped envelope if you want them returned. Include a few paragraphs about yourself and your Falcon and send to the Editor at the address on this page. Digital files: send hi res JPEGs that will convert to 300 dpi at 4x6 inches. Have several large digital files? Send on CD, please.

President's Message

On behalf of the entire FCA Membership, I'd like to thank the Music City Chapter for hosting a great National Meet. It was enjoyed by all who attended. Thanks to the coordination of several Falcon members, James Hale's idea of a Falcon Migration was a success.

Last year the Music City Chapter set a target of 300 Falcons for the Nationals. You, the membership, responded. Last count was 361 fantastic Falcons. This was the biggest turnout ever and has certainly raised the bar for future Falcon Nationals. The Texas folks are already starting to talk about 400-500 Falcons for 2003 Nationals. Start making you plans for next year's event, July 17, 18, & 19, hosted by the Heart of Texas Chapter in Arlington, Texas.

Russ Hoeksema has chosen to step down after serving as your FCA Vice President for the past 6 years. Russ has also served on the Board of Directors and as a Regional Director in years past. Please join me in a BIG Falcon "Thanks" for his service to our club. I know his dedication to the FCA will continue.

Bonnie Stringer, FCA Treasurer for the past 4 years, has also decided to step down in order to have more time with her family. She has agreed to continue as your Club Store Manager. Thank you Bonnie for your tireless service!

The board is currently interviewing candidates for the Treasurer's position.

The Board recognized Russ Hoeksema, Jan Brown, and Bonnie Stringer were for their years of service by granting them admission into the elite group of Lifetime FCA members. Congratulations to all three of you!

Congratulations to our newly elected Vice President, Chuck Beason, to Board member Bob Passino, and to Joe Tatti on his reappointment as Recording Secretary. I would also like to thank everyone for their confidence and support in my re-election as President.

Don't forget that we still have several Regional Meets coming up. The Keystone, Gateway, and Carolinas Chapters are all hosting Regionals this month and the Space City Chapter is hosting their very first Regional in October. Check your Newsletter for details and registration forms. Hope to see you at one of them.

Steve & Carol

"I wrote you about my Ford Falcon. I went to do some mission work far from my office and now I returned. I don't know if you can help me for the restoration of my Falcon. Just a problem of speed, it's defective. I look for a manual 3 speed and I need some help. I send you the photo of this car.

From Broadway, Virginia:

Wayne Turner and his son restored this 1963 Falcon convertible about 7 years ago. The Falcon won Second Place at the Antique Automobile Club of America's Grand National Meet held in Montoursville, Pennsylvania in July of 2000.

It is a six cylinder 170 with automatic transmission and has 62,000 original miles.

From Faulkner, South Dakota:

Harold Henry's 1965 Ranchero has been severely abused. It was owned by his neighbor in South Dakota and he always wanted it. When the neighbor died about 18 years ago, he thought it was taken out of the area. About a year ago, he found it in the old barn. His son said, "Dad, buy it and go in the Falcon Club." So he did and it cost him about twice as much to fix it as he thought it would! It was stored in a garage over the winters and one year heavy snow caved in the roof of the garage (and the Ranchero). Then it was put in a barn when "kids got in and broke the back glass and windshield, broke off the hood ornament, radio antenna, and Ranchero emblem. They totally stripped the engine and radiator too."

He found a 817 Bird 200 6 and Mustang C-4 in perfect condition, had body work and paint done and the interior upholstery redone. "The Falcon is a foxy little machine and gets a lot of attention. We drive it in parades and on weekends in the summer. One to be proud of—I doubt it will ever be sold. My 4 year old grandson will become the owner someday."

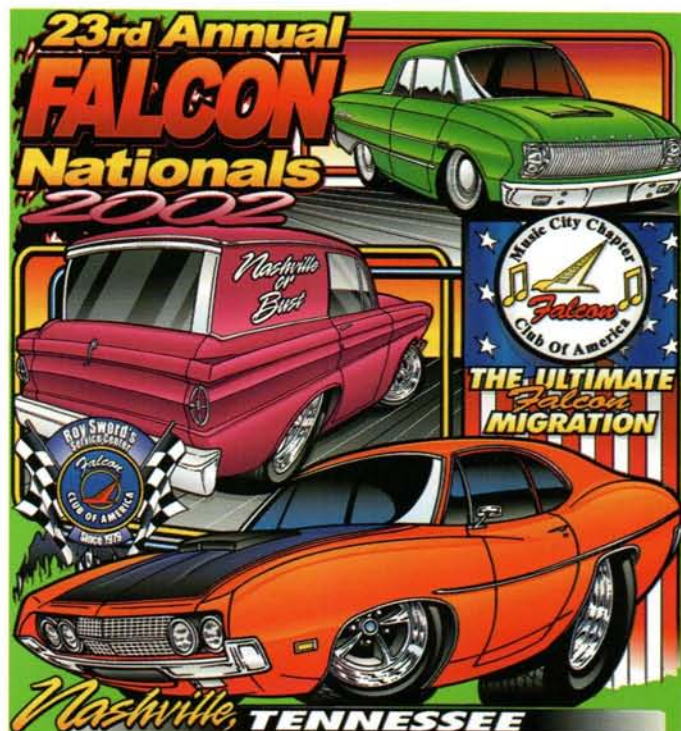

2002 Nationals Final Update

The 2002 National Meet is officially history. It will certainly go down in the Falcon history books and in the memories of all that attended. And I do hope that the memories are good ones.

It would take much of Wendy's valuable space to thank everyone that contributed, that gave of their time and resources. Not to mention all the folks who came. Just let me say that we could not have pulled it off if everyone hadn't pitched in and worked as a team; and we couldn't have done it if you hadn't come. Thank you all.

It was an awesome show with 361 of the most beautiful cars in the world (those I got to see). When you think about it, even with that record number, only 12% of the membership attended. It is mind-boggling to imagine what the future possibilities are. I don't know about you, but I am ready for it!

I want to personally and publicly thank a few. The rest I will thank in other ways. First the editor, Wendy. Without her support, and her ability to turn my rambling into printed music, we would have never accomplished the size of this event. She and this newsletter are the heart of the FCA.

Next the members of the Music City Chapter who stayed there 24/7 and made the sacrifices necessary to insure total success. I am very proud to be associated with all of them. They carried the FCA banner high and all of you enjoyed the results.

To all of our sponsors, thanks from the bottom of our hearts. We could not have done it without you, as the host chapter is "on their own" to manage this event. The costs are high and not getting any lower. There could be a "set-aside fund" (in my opinion) to support the National Meet. After all, it is for the general membership. Again, to all the sponsors, our heart felt thanks. Your contribution helped assure total success.

Thanks to all those who pitched in and helped; even though you were not members of the host chapter. Your spirit of teamwork is appreciated by all and others will be encouraged to help in the future.

The members of the Music City Chapter sincerely hope all of you will support the Texas National in the same manner you supported us. To Danny and the Gang we offer any help we can give and we look forward to a great Meet.

I apologize for the (small) snafu at the awards ceremony, there was a failure to communicate.

Other than that, we hope you enjoyed yourselves completely throughout the entire event. The Music City Chapter is pleased and honored to host the largest National Convention ever!

See ya' in Dallas!

NATIONAL CONVENTION

July 17-19, 2003

The Heart of Texas Chapter of the Falcon Club of America is pleased and excited to have been chosen as the host chapter for the Falcon Club of America National Convention in 2003. This is also the anniversary year of Ford Motor Company and we are planning a really big celebration.

The big event will be held in Arlington, Texas at the Hilton Hotel. The Hilton offers lots of amenities, including indoor and outdoor pool, sauna, jacuzzi and health club. There is a very nice restaurant and banquet facility, a huge parking lot, and best of all, a super staff who just can't wait to see all of the Falcons. The Hilton is located in the heart of the entertainment district, just 8 miles south of Dallas Fort Worth International Airport. A complementary shuttle provides transportation to and from the airport 7 days a week.

Arlington, Texas is centrally located between Dallas and Fort Worth. You might say it is located right in the middle of all of the excitement. It is home to Six Flags Over Texas, as well as Hurricane Harbor, one of the world's largest water parks. The Ballpark in Arlington is the home of the Texas Rangers baseball team and there is a nearby antique mall and tea room. There is just about every kind of restaurant you could imagine.

To get around Arlington's famous three square-mile entertainment district you can take the fun and convenient Trolley Shuttle. It is complimentary to hotel guests. In addition, the hotel offers a complimentary shuttle within a four mile radius.

For a taste of Texas and country music, bring your boots and jeans and plan on joining us for an old fashioned country "hoe down" and dance on Friday night. Of course, we are offering the ever-popular trip around Texas Motor Speedway in addition to other activities in the making.

We are looking forward to hosting this event and are very excited with the location that we have chosen. There is so much to see and do we know there will be something for every age and every taste.

See you in Texas in 2003.

FALCON CLUB OF AMERICA MEMBERSHIP APPLICATION

We are the **THE FALCON CLUB OF AMERICA** and
we are **STRONG** in our conviction and dedication.

WHY A FALCON CLUB?

FCA was formed to band together owners of the Falcon automobile to provide an exchange of ideas, technical information, amusing reminiscences and the availability of parts (often at a substantial discount). Lasting friendships are formed through local get-togethers and at the Club's National Meet each year.

WHAT MEMBERSHIP MEANS

Whether your Falcon serves as everyday transportation, a relaxing plaything, or both, you'll find valuable help in your preservation and restoration as well as interesting facts and information from the Club and many fellow Club Members.

Our Newsletter, "**THE FALCON NEWS**" is sent out

each month to all the Club's Members and contains information so valuable you will want to file it away for future reference.

WHO BELONGS?

FCA has people of all ages — from retired folks to teenagers still in school. Among our members are men and women from all professions; individuals who could certainly afford more costly or newer cars if they chose.

PREMIUM PACKET

Every new member receives a New Member Packet upon payment of dues. This includes a personal membership card, Falcon Club cards to pass out to others who might be interested in the Club, and a copy of the latest Newsletter.

Dues are \$25.00 a year (\$30.00 outside the United States — U.S. Dollars)

payable to **THE FALCON CLUB OF AMERICA**

1964 Ranchero—under the hood

Sharon and Frank Hoover of Columbus Ohio have a whole family of Falcons. The 1964 Ranchero was purchased in 1988 and a complete restoration was completed in 1992. It is an original V8 260 with automatic transmission and power steering. They added bucket seats, a console and tonneau cover. It is medium Garnet metallic with Black Cherry top. They have nicknamed it "The Lone Ranchero" as it is the only one to show up at car shows in their area.

The 1964 Falcon convertible was their first "show car" Falcon. They bought it in 1985 and completed the restoration in 1988. It is Rangoon Red with white power top. It has a 170 6 cylinder engine with automatic transmission. They have enjoyed showing this car over the years, especially when it was on display at the Ohio State Fair in 1998.

Their 1964 Falcon Sprint was bought in 1991, then they spent the next 3 years looking for the bucket seats, console, wood grain steering wheel and chrome engine accessories to put it back into "original" condition. It is also Rangoon Red with a 260 V8, factory 4-speed and all the options mentioned above. They added an FM converter for the radio so they could "cruise with the Oldies" and not replace the original AM radio.

The 1965 Falcon Sedan Delivery was purchased after they spotted it being used as a daily driver work truck. It had the original 144 6 cylinder engine, 3 speed and no heater. They replaced the engine with a 302 V8 and automatic transmission. They also added bucket seats and a heater for winter cruising. This car is nicknamed "The Falcon Hunter" as the exterior is Autumn Maple Mist and the interior is black and grey.

The Hoovers of Ohio are certainly doing their part in keeping the Falcon fleet on the road in stylish condition!

Falcon Family Fotos Doll Family Fotos Family Fotos

Ronnie Doll of Algonquin, Illinois sent these photos of the Doll Family Falcon, a 1965 hardtop. Ronnie's mother was the original owner of the car and she gave it to Erik, her grandson, for his 16th birthday in March of 1998. The car came from Atlanta and they met Mom in Knoxville to pick up the car. The photo with the Falcon on the car hauler is after they first got it home to Algonquin.

Her husband, Glenn, and Erik totally stripped the car and everything on it had been restored or replaced by September of 2001. Ronnie writes, "My husband put a lot of time into that car and it turned out beautifully! I thought it would be a nice surprise if he could see his Falcon in The National Falcon News."

James L. Smith of West Sacramento, California writes that he worked a lot of "hard, long hours to restore my 1964 Falcon Futura. Fun hours, too. The time spent really makes you appreciate your car."

Ernest and Ann Thompson of Lebanon, Pennsylvania sent this photo of their 1965 convertible. They bought it in 1993 in Tyrone, PA. They fixed it up a little and just had it painted Pearl White w/ purple tint. Ernest and Todd, his son-in-law, put a 1971 250 cc Maverick engine in it.
